

## Personal Statement Planner

Why are you interested in your chosen subject? Where does your passion for it stem from?

How do your current studies relate to this? How have your studies helped prepare you for university study? (Think subject content and skill set!)

How have you engaged with this subject outside of your studies? Have you attended any lectures or university outreach programmes? Have you been to any exhibitions or galleries?

Have you done any further reading or studying to enhance your understanding and knowledge of this subject?

Have you carried out any work experience or work placements that would relate to or have helped you prepare for university?

Do you have any hobbies or interests that you think universities would want to hear about?
